Paper carrier bags

## Brand image, style and dissemination

They can be printed in full colour. They are ideal for shops, trade fairs, promotions... You will find them in all kinds of outlets because of their excellent value.

Toybe manufactures the bag you need, choosing the right size, the right material, a cotton or synthetic twisted paper handle and full colour printing on the outside and inside... everything you need to capture your creativity.

Luxury bags

## Your most exclusive bag, 'a la carte'

These bags have a great presence, as they are hand-finished, with rope handles or straps of different qualities and colours, reinforced at the bottom and the top, and can be decorated with all kinds of varnishes, stamping, embossing, laminating, metallising, punching, etc....

There is a wide range of papers available, to get just the finish you want: coated, white or kraft cardstock, embossed with spectacular textures, etc.

Gift envelopes and bags

## Open, place and close: gift wrapped in three seconds

Checkout queues are sales' worst enemy. You need a way to package items that is fast, attractive and inexpensive.

We can make almost any kind of packaging, light or rigid, in standard or custom sizes. Paper, cardboard or metallic, whichever is most appropriate for the products to be included and decorated. Printed in full colour on flexo or offset.

With a flap, adhesive closure, Velcro, tape, etc.

Eco, reusable and fabric bags

## Comfortable, elegant, durable and environmentally friendly

Toybe manufactures reusable bags in various formats and materials, adjusting to your needs in terms of looks or resistance. We recommend natural fibre bags if you want to give a completely “green” image.

All reusable bags can be completely customised, printed in silkscreen, flexo or gravure with plastic or metallic coating. And you can choose the finish in terms of intended use: handles, reinforcements and closures with clips, velcro, zippers, etc.

Creative boxes and packaging

## When the box is perfect... the product becomes an experience

Everything must be perfect: the layout, content protection, the look of the ensemble... And more so now that we also purchase online and receive the product right at home.

There are all kinds of cases or boxes and each is perfect for different contents: wine, sparkling wine, champagne and spirits, watches and jewellery, perfumes and cosmetics, clothing, shoes and accessories...

Insulated food bags

## Made to maintain the temperature and retain flavour quality

Toybe offers a range of insulated food bags that you can customise with your brand and give to customers with their purchases. They will enjoy your products and will return for to refill them!

We can also combine traditional paper bags with a metallic interior and adhesive closure. And the result is an ideal bag for frozen food, ready meals, ice cream, meat and fish, fruits and vegetables or gourmet products.

More

Plain bags

## Rush orders, small amounts or when customised bags are not required

Plain bags are ideal if you need only a small amount, if you prefer using your own simple silk screening or an adhesive label or if you are just looking for colourful, un-customised bags.

We offer bags and envelopes in many different colours and sizes, along with flat or twisted handles, simple or luxury models. Choose the one you like, place your order and we will serve it almost immediately.
